Handicare 1000

Our strongest straight stairlift

The Handicare 1000 provides a sleek, discreet solution and can be equipped with a number of automatic options.

Handicare **1000** | Our strongest straight stairlift

The Handicare 1000 blends into your home seamlessly with its hidden tooth rack. Its slim aluminium rail features two parking points for battery charging at the top and bottom of the stairs.

Smart

Perch

Outdoor

Color options

Seat colors

Cacao | Ruby | Slate | Sand

Great outdoors

The 1000 is suitable for outdoor use too. Improved UV-protected upholstery provides longevity outdoors, with a water-resistant cover (IP44 rated) for additional protection. A key switch prevents unauthorised use.

Perch seat

For those with limited knee or hip movement, or even for really narrow stairways, the perch seat is the perfect choice. The raised seat and the reduced seat depth allow you to use the stairlift in a standing position, whilst still being secured by a seatbelt.

Choice of hinges

Easy! Simply fold up the rail to clear the doorway. The lightweight folding hinge rail is effortlessly folded out of the way, while the stairlift is in a parked position. A powered folding hinge can also be added to prevent obstruction at the bottom and an adjustable seat height comes as standard.

Features

Energy efficient
Low running costs and batteries that remain operational if there's a power cut.

Capacity
Heavy duty version can carry up to 200kg.

Safety
Interlocking seatbelt – the stairlift will not move until the seatbelt is fastened. Other optional features include an emergency stop button, safety sensors and One Touch Alert.

Optional extras
Easily upgrade with additional options to suit your needs today and tomorrow. Powered swivel seat, powered folding footrest and various seatbelts available.

Easy to use
Scan the QR-code to watch our video showing how to use the 1000.

One Touch Alert

With the simple press of a button, you can dial your emergency contacts directly from your stairlift through the new Savaria One Touch Alert. A discreet yet invaluable feature that utilises two-way communication, the system connects you with assistance swiftly and reliably, if required.
