Handicare 4000

Our twin-rail curved stairlift

The 4000 curved stairlift uses the very latest technology to take you round the tightest bends with added comfort.

Handicare **4000** | Our twin-rail curved stairlift

Comfort, style and fit matter. The Handicare 4000 has a selection of seat options to complement your home design and your mobility needs with adjustable seat height, seat depth and armrest widths.

Style
A polished design that's built for comfort. Perfect to pair with power swivel and power footrest options.

Simplicity
A classic look with an easy-to-clean leatherette finish (in sand) and manual fold-up seat, armrests, footrest and swivel.

Smart
An endless array of options and upgrades to satisfy all needs and personal taste.

Perch
Ideal for those with knee or hip problems, the raised seat and reduced seat depth allow you to ride slightly standing.

Outdoor
Specialised UV-protected upholstery (in slate) provides longevity outdoors without fading or cracking.

Color options

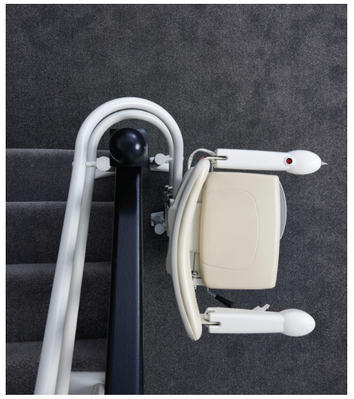

Seat colors

Standard rail colors

Custom rail colors available at additional charge

Twin rail system

Our twin rail system is custom built to create a perfect fit for your stairs.

Using the latest technology, the 4000 offers the tightest bends on the market, making it an ideal choice for spiral or curved staircases and narrow hallways.

Augmented reality

See how your stairlift will look on your staircase with our advanced digital staircase measurement system - PhotoSurvey4D. Ensuring 100% accurate dimensions of your stairs, hallway and landing, our approved partners can generate measurements in as little as 10 minutes!

Great outdoors

The 4000 is suitable for outdoor use too. Improved UV-protected upholstery provides longevity outdoors, with a chrome plated rail and water-resistant cover (IP44 rated) for additional protection.
A key switch presents unauthorised use.

Features

Energy efficient
Low running costs and batteries that remain operational if there's a power cut.

Capacity
The 4000 can carry up to 136kg and the heavy duty option carries up to 160kg.

Compact
Folds to leave more room on the stairs when not in use. Hinged rail allows clear access on the lower level.

Safety
Interlocking seatbelt - the stairlift will not move until the seatbelt is fastened. Other features include an emergency stop button, safety sensors and One Touch Alert.

Optional extras
Easily upgrade with powered options to suit your needs today and tomorrow. Choose from powered seat swivel, powered folding footrest and powered folding hinge.

Easy to use
Scan the QR-code to watch our video showing how to use the 4000.

One Touch Alert

With the simple press of a button, you can dial your emergency contacts directly from your stairlift through the new Savaria One Touch Alert. A discreet yet invaluable feature that utilises two-way communication, the system connects you with assistance swiftly and reliably, if required.
